#### REMARK

The Examiner, in her Office Action dated April 4, 2000, pointed out that the instant claims contain similar and /or identical subject matter as that claimed in U.S. Patent No. 5,981,528. Claims 16-20 are sought to be added as dependent claims to claim 1. Applicants believe that the subject matter of claims 16-20 is not within the scope claimed in '528. Entry of the supplemental amendments is respectfully requested.

#### Petition to Change the Inventionship

Applicants petition to add Steven J. Brickner and Michael R. Barbachyn as co-inventors of the instant application. The inventorship error occurred without any deceptive intent on the part of the person being added as a inventor, or on the current named inventors. The correction, therefore, is respectfully requested.

Respectfully submitted,
